This robust Catalina 36 is well maintained. This is the last from the series MKI and already has the Interior of the MKII. The cosy interior is surprisingly spacious and offers plenty of living space and storage space. The professionally built, fixed spray hood offers much protection in rough weather conditions and is fine to vent in hot weather. The rigging is renewed in 2010. The spacious cockpit is equipped with teak wood and features a full cushion set. For extra comfort, the owner's cabin has comfort mattresses.
