Stepping aboard this well maintained Grand Banks 46 Europa is a joy for lovers of natural wood work. While exterior teak is restricted to cap rails and decks, the cabin inside glows with warm wood. Teak and holly sole and teak cabinetry is of the highest caliber, and has furniture-quality finish and craftsmanship. The interior offers abundant stowage in lockers and drawers, and Old World-style craftsmanship is mated to modern day products.

The warm glow of natural wood is tempered and accentuated by white surfaces and headliners — and large windows allow plenty of natural light and a view around the entire boat. Visibility from the lower helm is excellent, and there is plenty of space for electronics and charts. This Grand Banks is always stored on fresh water in a ship house. The ship house is for sale as well* (*ask broker for more information).
