This beautiful Kempala 46 is well maintained. The timeless design with beautiful lines is from the renowned yacht builder Kempers BV. The solid construction and the good state of maintenance guarantee many more years of sailing pleasure. The entire ship has sufficient headroom. The toilet at the owner's cabin has a separate shower area. From the fly-bridge you have a good overview while sailing and mooring. The strong bow thruster, together with the two engines, makes manoeuvring very easy. Both engines are silent due to the excellent sound insulation in the engine room.
