The Sealine is practically furnished and also has a calm and relaxed appearance. This motor yacht is very stable on the water and thanks to the two motors it is easy to maneuver through the waves. Moreover, this Sealine has automatic trimming flaps for even more stability. The Sealine models characterize round shapes, smooth lines and rounded corners. This Sealine S34 is well maintained and therefore still in a very good condition. Every winter this boat is in a heated hall. This yacht is fully equipped with a toilet, shower, TV and two refrigerators with freezer.
