This is probably the most beautiful Super van Craft 12.10 on the market. She had a complete refit in 2011. Complete and professional paint-job of the hull, the mahogany structure of the hull is professionally treated and varnished (see photos), the complete teak-deck is new and also the exhaust system is. This boat is ready for the coming years without any troubles. You only have to keep the boat this way. Hannelore is for sale because of a very bad health of the owner. Therefore she's for sale for the very attractive price of only Euro 119.500,=.
